

## How to register your iClicker device in Canvas.

The image shows a two-part screenshot of the Canvas LMS interface. The top part shows the course page for BIOS-214-154 in Spring 2016. A sidebar on the left contains navigation icons for Account, Admin, Dashboard, Courses, and Calendar. The main content area lists various course items, with 'i>clicker registration' highlighted by a red box and a blue arrow pointing to it. A text box on the right explains the next steps: logging into Canvas, navigating to a course, and selecting the 'i>clicker registration' link. It provides the URL <https://app.reef-education.com/#/login>. The bottom part of the image shows the course page for BIOS-214-154.1161 in Spring 2016. The sidebar is on the left, and the main content area shows 'i>clicker Options:' with three links: 'i>clicker Registration' (highlighted with a red box and a blue arrow), 'i>clicker Security Key (for i>clicker 6 integration only)', and 'i>clicker Authentication Token (for i>clicker 6 integration only)'. A text box on the right explains that after logging in, the user should click on the 'Registration link under the i>clicker options:'.

Log into Canvas and navigate to any of the courses where you will be using the iClicker hardware device. Select the i>Clicker registration link. Registration for using the REEF polling in iClicker is completed at :

<https://app.reef-education.com/#/login>

After doing so click on the Registration link under the **i>clicker options:**

BIOS-214-154.1161 > HUMAN ANATOMY BIOS214 SEC 154 SPRING 2016

**i>clicker Options:**

[i>clicker Registration](#)

[i>clicker Security Key](#) (for i>clicker 6 integration only)

[i>clicker Authentication Token](#) (for i>clicker 6 integration only)

Enter your **remote ID** into the provided textbox and then click on the **Register** button. Your remote ID is below the barcode on the back of your remote. If you have purchased a used remote or renting one and the remote ID is faded or no longer visible you may read it from the bottom of the LCD display when you first power on the clicker. Review the image on the right if you need additional help locating the ID.

### i>clicker Student Remote Registration

Enter the 8-character remote ID below to register your i>clicker remote. You may register multiple remotes or remove a remote at any time.

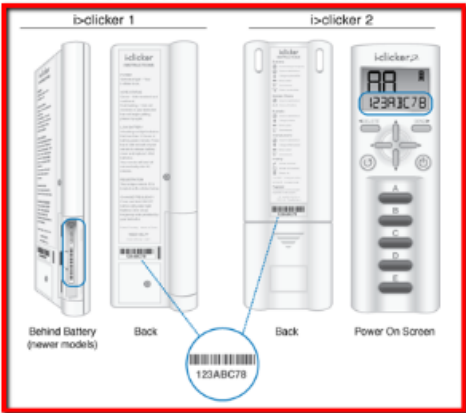

Enter Your i>clicker Remote ID:

Registered Remote ID	Date Registered	
89A04860	Oct-01-2013	<a href="#">Remove</a>

### Remote Registration FAQs

- Where do I find my remote ID?

Your i>clicker remote ID is printed on a sticker located on the back of your remote. The ID is the 8-character code below the barcode.

- What do I do if I cannot read the ID printed on my remote?
- Are there zeros or the letter 'O' in my clicker ID?
- I've already used my i>clicker remote in class before registering it. Will I still get credit for my votes?
- I've lost/broken my remote. Can I register another remote?
- I use my i>clicker remote for multiple classes. Do I need to register my remote for each class?
- What do I do if I accidentally registered the wrong remote ID?
